

Small Business Association

Important? You Decide...

What is GBRBA (Gardenville Belair Road Business Association)?

The Gardenville Belair Road Business Association is at work in this community promoting a good, healthy, and supportive environment for business, and the people living here.

Why are we important to you?

This neighborhood is in trouble. But, together we can change things. Whether you are a business owner or resident, we are all concerned about the same things:

- crime
- trash
- the insane traffic

Who attends our meetings?

The Fire and Community Police Departments, Baltimore City Council and State of Maryland government representatives, but the most important element is you, the business people and residents of our community

Did you know we have a website? (www.GBRBA.org)

You can find up to date information on our revitalization efforts on our website under Events and News. Learn about the progress we are making in Gardenville (including completed market analysis study).

Street improvements including:

- better lighting to make people feel safer at night
- repair of crosswalks and sidewalks
- benches
- trashcans
- bike racks
- trees and landscaping

* All of these changes and more are in the design phase now, and construction will begin Summer 2017.

Progress like this can not happen in a vacuum. That's why we need you!

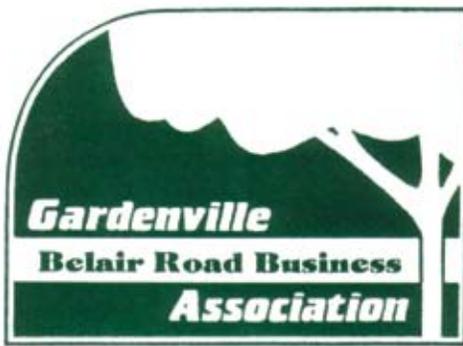

We are stronger together, and when we speak with one voice, we get heard. The City is listening and responding to us.

What would make you join?

We know you're busy and your time is valuable so we meet just four times a year in January, April, July and October for just one hour.

Will we see you in at our next meeting on October 14 at 7 pm?

We need to work together to improve Gardenville, and most of all we need to hear from you. Get in touch, become a member of Gardenville Belair Road Business Association. Bring your enthusiasm, and your passion to our meetings. Together we can make needed changes to Gardenville.

GBRBA Membership

Who are we?

We are in the business of doing things that encourage a good, healthy, and supportive environment for business, and the people of this community.

Importance of belonging to the business association

Why are we doing this? I don't have to tell you that this neighborhood is in trouble. But, together we can change things.

We have a website (www.gbrba.org)

Find area businesses, community improvements events, issues/problems - who do you call?

You will find it on our website:

Community – area businesses

Events and News – Revitalization Update

Resources – business and government resources, police issues – all the contacts are here

Meetings

We know you are busy running your business. That's why we only have four meetings a year on the second Wednesday – Jan/Apr/July/Oct for one hour

Who attends meetings?

- The fire and police department
- City council and State representatives
- City government department representatives

You have one on one access to them at our meetings

Whether you are a business owner or resident, you are concerned about the same things:

- Crime
- Trash
- Insane Traffic

Revitalization Update – copies for attendees – Progress has been made!

Better lighting to make people feel safer at night, improvements including benches, trashcans, and bike racks, trees Landscaping, repairing sidewalks, making crosswalks that work for people. These things are in the design phase now, and construction will start Summer 2017.

Progress like this can't happen in a vacuum. That's why we are trying to come together. We are better together, and we are stronger together, because when we speak with one voice, we get heard. The City is listening to us and is responsive.

I've been talking a lot about why we believe being a member of this organization is important. But, we need to know what would make you join? What would make you invite a fellow resident or business owner to come to the next meeting in October?

It is clear that we need each other. We hope you know the reasons you need us. Get in touch, let us help. We need you, we need your enthusiasm, and we need your passion. Together we can make things work for Gardenville.
